## SECTION 1. INTRODUCTION

The Restrictive Covenants and By-Laws of the Lake Holiday Property Owners' Association empowers the Board of Directors to regulate land usage and construction improvements on private lots and the use of association's property (i.e. lake, beaches, roads, green areas. Etc.). This book contains the regulations governing the use of the Lake Holiday property and its facilities by members and their guests. These regulations were duly considered and officially adopted by the Board of Directors of the Lake Holiday Property Owners' Association. This edition reflects all changes in regulations up to May 9, 2011, and supersedes all other regulations.

All regulations have been formulated with one foremost aim, to establish orderly and reasonable procedures for governing conduct and land usage to maintain the integrity of the development. These regulations should be accepted in a spirit of cooperation. The rule of common sense will prevail in those instances where the interpretation of a regulation is in doubt or where a specific regulation does not exist to cover a particular situation. The application of common sense and reasonableness together with respect for community and property are the primary requisites that Lake Holiday will truly be an enjoyable place to live and play.

In addition to these regulations, read and be familiar with the Lake Holiday Property Owners Association restrictive covenants and By-Laws which are recorded in the office of the LaSalle County Recorder, and which are binding upon title to, and the owners of, lots in the Lake Holiday Development. All of the restrictions and covenants are incorporated by reference and made a part of these regulations. In the event of any conflict between the Restrictive Covenants and this book, the restrictive covenants shall prevail.

The Lake Holiday Board of Directors, as mandated by the By-Laws of the Association, is empowered to set up sanctions for the violation of Association rules. Refer to Section 8 for details on enforcement and sanctions.
